

MISSION QUEST

Quality Enhanced Specialized Therapy

A COMPLETE REHAB PROGRAM DESIGNED FOR SUCCESS.

At Mission Health, we are actively seeking to enhance the lives of those we serve. Our Mission QuEST rehab program is designed with this "mission" in mind. QuEST stands for Quality Enhanced Specialized Therapy and this exclusive program offers the very best in personalized rehab services for a number of conditions including orthopedic,

joint replacement, cardiovascular, stroke and post surgical.

The goal of Mission QuEST is to promote independent living by improving a patient's mobility and lifestyle capabilities to the appropriate optimal level so they can return home as quickly as possible.

Dining room for residents and families

New and improved resident rooms

Spa

At Rolling Hills Health and Rehab, we're excited about the completion of our recent renovation and the myriad new services and amenities it has created. From new rehab equipment and an updated Transitional unit to a bright and colorful new look, we can now provide an even higher level of quality care for our existing residents and an attractive new option for those in need of short-term and/or long-term care.

What's new and improved?

- New therapy and gym equipment
- Updated transitional unit featuring kitchen set up with new appliances, washer/dryer and tub and handheld shower
- New front entrance and exterior building improvements
- Upgrades to resident rooms
- Short-term resident dining room and lounge
- New conference room
- New computer work station
- Bathroom remodels
- New spas
- New barber and salon space
- New furniture and lobby space

Remodeled rehab facility and new equipment
