

## GET HOME FASTER: **WOUND CARE**

Our wound care, including in house wound vacs, may mean a quicker recovery time and an earlier return home for you.

Our team includes health care practitioners and nurses who specialize in wound care management, promoting the rapid healing of abrasions, lacerations, contusions, avulsions, diabetic foot ulcers, venous and arterial ulceration, and traumatic and surgical wounds.

Wound care is just one of many skilled nursing services we provide at our award-winning community.
