

COME ON AND TAKE A FREE RIDE

GETTING HERE FROM THE HOSPITAL IS EASY!

Are you being discharged to a short-term rehab center? Then you'll need a safe ride to your destination. If you're headed to Columbus Health and Rehab and you don't qualify for ambulance service (or if the wait is too long), don't call a cab.

Our transportation is safe, comfortable and wheelchair-accessible. We'll help you with getting in and out and we'll also carry your bags for you. You'll enjoy a smooth ride with our cheerful driver—and we'll be waiting to welcome you at the end of your trip.
